

New Drivers License and Identification Card

Mississippi has a new look Mississippi will begin issuing new drivers licenses and ID cards. These new digital documents address a range of security and anti-counterfeiting concerns.

Each Mississippi cardholder's personal information, digital picture with ghost image, and two signatures are printed into a highly durable plastic card.

Regular Drivers License

Green indicates a Regular Drivers License

Mississippi state seal will be visible when viewed at different angles; transparent when viewed at other angles

Intermediate License

Under 18 Until printed with the Date
Under 21 Until printed with the Date

Non-US Citizen Drivers License

On the back:
No Social Security Required
Not Transferable State to State

Commercial Drivers License

Red indicates a CDL License

Second Signature

Firearms Permit

Identification Card

Blue indicates an Identification Card

Second Signature

Under 18 Identification Card

Under 18 Until printed with the Date

Under 21 Until printed with the Date

Back of License

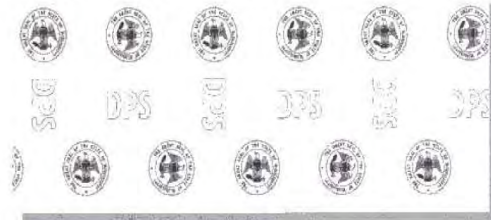

2D Bar code contains all the demographic data from the card front.

DPS web address

A two dimensional (2D) barcode on the back of the card is an additional tamper resistant security feature. It contains the bearer's demographic data found on the front. Medical codes pertinent to the bearer are also evident.

Security Laminate

Hologram appears on the front of all documents

A laminate "security" coating covers each card. This coating includes the hologram of the Mississippi state seal and the letters DPS. These features increase the card's durability and tamper resistance.
